## Run 1941 – Tiny Tool’s Tickle in Manunda

The Hare was Tiny Tool and Piss Pot was congratulated on being voluntold to do the notes. Pecker gave a run report. A run through the burbs. Five culprits admitted to taking shortcuts. Not noted how many culprits didn't own up to this!

Welcomed the Virgin Mary and Lesson. A returnee was Knee Trembler. But some confusion as to the status of these three. Pythagorarse was congratulated on 50 runs with Trinity. Xtractit won the shirt for getting "lost". The other shirt went to 49er as a Knight Shirt.

Extractit gave a report on Townsville. A good time was had by all. The drink stops were 3 beer/cider, then Bloody Marys, and the last was Limoncello + Port – which was proclaimed as being disgusting. The Cairns contingent consisted of Jughead, Goanna, Babble Babble(?), and several others – who will be recognised in the future by the interesting shorts found in their Show Bags. Several Townsvillettes expressed an interest in joining the Cairns Harriettes at a retreat, this will be at Mission Beach last week-end of August.

**Charges:**  
Xtractit charged 49er for wearing her new Townsville T-shirt for the first time.

Nico charged Snyce for leading him astray, and Dunno is leaving for 5-7 years?

Pythagorarse charged Pecker with being "hot stuff" – more explanation needed?

49er charged the Hare – "Who sets a hash run in blood?"

Stroker charged Mary for existing, or was it for being Virgin Mary?

Next run – Pylon at Kewarra Beach.

## HASH History

Townsville Full Moon H3 is the first documented full moon club in Queensland and was started on the 27 June 1991 by Frank "Vasectomy" Gedling and Ken "Zeke" Ede. . The First Full Moon Hash was conspired by the Americans "Van Go" and "Dr Spock" on October 19, 1986 with 56 half-minds gathering at the San Diego waterfront – mostly from San Diego H3 and La Jolla H3. The original concept was to " .. have the run "around" the full moon, end up in a bar, .. and sing a few hash songs!" They still run today as the "Original Full Moon H3".

Bike hashing also started in the US with Cape Anne Mountain Bike H3 in Massachusetts in 1988.

Once upon a time there lived a beautiful Queen with large breasts. Nick the Dragon Slayer obsessed over the Queen for this reason. He knew that the penalty for his desire would be death should he try to touch them, but he had to try. One day Nick revealed his secret desire to his colleague, Horatio the Physician, the King's chief doctor. Horatio thought about this and said that he could arrange for Nick to more than satisfy his desire, but it would cost him 1000 gold coins to arrange it. Without pause, Nick readily agreed to the scheme.

The next day, Horatio made a batch of itching powder and poured a little bit into the Queen's bra while she bathed. Soon after she dressed, the itching commenced and grew intense. Upon being summoned to the Royal Chambers to address this incident, Horatio informed the King and Queen that only a special saliva, if applied for four hours, would cure this type of itch, and that tests had shown that, among all of the citizens of the kingdom, only the saliva of Nick would work as the antidote to cure the itch.

The King, eager to help his Queen, quickly summoned Nick to their chambers. Horatio then slipped Nick the antidote for the itching powder, which he put into his mouth, and for the next four hours, Nick worked passionately on the Queen's large and magnificent breasts. The Queen's itching was eventually relieved, and Nick left satisfied and was hailed by the King and Queen as a hero. Upon returning to his chamber, Nick found Horatio demanding his payment of 1000 gold coins. With his obsession now satisfied, Nick couldn't have cared less knowing that Horatio could never report this matter to the King and with a laugh told him to get lost.

The next day, Horatio slipped a massive dose of the same itching powder into the King's underwear. The King immediately summoned Nick .

**Amazing Human Body Facts**

- It takes your food seven seconds to get from your mouth to your stomach.
- One human hair can support 3kg (6.6 lb).
- The average man's penis is two times the length of his thumb.
- Human thighbones are stronger than concrete.
- A woman's heart beats faster than a man's.
- There are about one trillion bacteria on each of your feet.
- Women blink twice as often as men.
- The average person's skin weighs twice as much as the brain.
- Your body uses 300 muscles to balance itself when you are standing still.
- If saliva cannot dissolve something, you cannot taste it.

Women reading this will be finished now. Men are still busy checking their thumbs

**Why Sentence structure is important!**

The boss had to fire somebody, and he narrowed it down to one of two people, Debra or Jack. It was an impossible decision because they were both super workers. Rather than flip a coin, he decided he would fire the first one who used the water cooler the next morning.

Debra came in the next morning with a horrible hang-over after partying all night. She went to the cooler to take an aspirin. The boss approached her and said, "Debra, I've never done this before, but I have to lay you or Jack off." 'Could you jack off?', she says. 'I feel like shit.'

Every day, a male co-worker walks up very close to a lady at the coffee machine, inhales a big breath of air, and tells her that her hair smells nice. After a week of this, she can't stand it anymore, takes her complaint to a Supervisor in the personnel department and asks to file a sexual harassment grievance against him. The Human Resources supervisor is puzzled, and asks: 'What's sexually threatening about a co-worker telling you your hair smells nice?' The woman replies, 'Its Keith ... The midget.'
