Run 1945 – Layback’s West Cairns Wobble

An eager group of happy Hashers met amidst the cry of curlews in the parking lot of the Civic Shopping Centre, and after a cry of Hash-Hush we eagerly listened to LAYBACK sprout the usual catastrophic description of the run to be. As it turned out, it was logically and thoughtfully marked with easy arrows and clever checks, and went in a big circle of ever decreasing turns until we were back again. Runners’ Report: NICO told us about his sprained muscles and something of other and gave it a 5/10 - to LAYBACK’s amazement! Walkers’ Report: MODNOC told us about her walk through to West Cairns and how JUGGIE tried to push her in front of a car and gave it a score of 5½/10 which left LAYBACK ecstatic by now. Best fun he has had since Uncle Fred fell down the well he said.

BOOM & BUST sang a Hash-song about Mrs Murphy, obviously Dan Murphy’s wife and I don’t know how that fits in. Visitors: MARY, MOANA, DUNNO and SNYCE fronted up after a long absence of 2 weeks or less. Raffle: MOANA continued his luck and won a memorable bottle of Wolf Blass. Charges: NICO for squatting on the road in pain; FLATULENCE for always choosing the correct way to go at a check, obviously a wet finger works every time; PRICKLE for buying new Hash-chairs but forgetting to bring them; DUNNO for having a Colorado that always breaks down; PRICKLE again for having a leak behind a fence; EXTRACTIT for going in the bush for a leak, leaving 49ER worried about her safety; TINY for being quiet and looking around; MARY for being much too nice; and MODNOC for being too competitive just for a walk to the Boulders. In the middle of a Royal Commission on penetrating priests we paid comment with a song about little boys’ bums again.

STROKER told us about various runs including the Foundation Run at Fishery Falls on the 23-25 September, and MOANA suggested that the Hashers could have a weekend at ROYAL T’s Tinaroo House while the Harriettes are having their weekend at Mission Beach during the last

weekend in August. Last count there are 13 beds at Tinaroo, so lots of room.

Jokes: BOOM&BUST told us about body parts and functions; FLATULENCE gave us a black joke, and HELMET had one about sex-toys. Breaking news: An allegedly unlicensed foreign driver backed a JJ Backpacker van into PRICKLE’S car, damaging it in the process. Both cars were stationary at the time, but one was more stationary than the other.

HASH HISTORY

The Second World War put an end to the first attempts at Kuala Lumpur ‘hashing’, but after the war the idea gradually caught on, with people drawn to the non-competitive and social ethos of the hash. A second group was founded in Singapore in 1962 and then the movement spread throughout Europe, Australasia and America. Current estimates are that around 2000 hash groups (sometimes called ‘kennels’) are spread throughout all 7 continents, with most major cities boasting at least one hash group.

There are many thousands of members and some clubs meet once per week, while others restrict their activities to certain times of the year. The basic idea behind a hash run is that the trail should enable the whole pack to begin and end at approximately the same time, irrespective of their running ability.*****

THE DANGERS OF DROPPING A FART IN A WETSUIT

Many aspects of human sexuality are very puzzling, - take celibacy for instance. This can be a choice in life, or a condition imposed by environmental factors.

While attending a Marriage Encounter Weekend, Tony and Julie listened to the instructor declare "It is essential that husbands and wives know the things that are important to each other."

He addressed the men. "Can you each name and describe your wife's favourite flower?"

Tony leaned over, touched Julie's arm gently and whispered, "Self-raising, isn't it? "

Thus began Tony's life of celibacy.

Message from Betty Boop:

In fact Betty has continued the tradition of Betty Boops Winter Luau which, I might add has been held in sleet, Antarctic winds and frosty conditions.
