Run1982 Mistresses Machan Moon Madness

A collection of Hashers congregated at the Mistress HQ on Machan ... The GM decided to grace us with his presence for the second week in a row ... he sent us off with a few historical facts ... and with Maggie Thatcher and a "Lets get the Argies" in our hearts ... we headed off into the Machans wilderness ... with the promise of a "pink moon" (I thought this was something else ... but that's just me!). In the park, I met some elderly gentlemen who told me that the area is known as "Muttons Beach" ... Blissful in my ignorance to what that was all about, we got back to the main road and across the reserve to the Beach... this was more familiar territory and a wonderful stroll south along the beach brought us to a drinkstop near the creek ... unsullied with any alcohol ... an unusual approach ... but was put down to virgin hare weirdness. The pack split to the beach and a direct road return and, after a few casual drinks, the GM asserted his authority ...

Helmut took on the run report and started on some story of a check that was a false trail that sucked the runners in ... However, he was generally impressed with the Virgin Hare Mistresses efforts and awarded the unheard of high mark of 6.5. Mistress endured the Virgin song and scurried back to the kitchen.

Visitors were next with Beaver Creeper from

Upstate New York leading the frey and he had to drink alone. The returnees were more social and Bullseye, Slag, 49er, Pecker and Pythagorarse enjoyed a drink. The call for shirts was unanswered and 49er had the walk of shame by not bringing the shirt ... there were some bleated excuses ... but there is no right of reply... She took this hard and appeared to assault the GM... If only we had some reliable witnesses... MOFO took a drink for making the notes too interesting ...The 2000th run was spruiked at the top of the Gillies Hwy, ... near Yungaburra. Modnoc then shuffled the paper and NICO was the lucky winner.

The Cairns Grand Mattress informed us of the Cairns celebration run up at the scout camp Barabadeen (Lake Tinaroo) 29-31 July. Mistress then told us a joke about the desire for ageing backwards ... It all sounded pretty good ... but NICO (and several other blokes) were upset that the vital bit about breastfeeding before the time in the womb ... was left out!

The Nosh was fantastic ... an exotic Indian vibe with pappadams, succulent curry, a wild rice mixture, and a yogurt sauce with salty pickles... Many thanks to Mistress, Nico the Keg, and the GM for another great night ...
