Run 1992 – NICO's New Neighbourhood — 20 June 2017

Nicotine was the hare and contrary to his past history he set a short short run with return on the same track and all on the flat but the arrows ...where there arrows!!!! To be fair he did dangle the prospect of walking up to his house in the stratosphere which I attempted and others achieved. Wonderful view Nico and I hope others will see the heights to which we have to aspire or expire on the way up. Teddy the poodle or the walking teddy bear greeted us graciously and only occasionally place a head on a lap with begging eyes as we ate our way through the nosh. Madam Slash obliged with nachos on the sly. DV8 showed her usually magnetism by attracting the shirt. Rumour has it that she does not have time to put up a tent for the kids in the school holidays so she bid for the shirt/tent so they could enjoy their backyard camping.

Moana who was not really at hash sang a new (to me) song about Cheesy Beans or something. He should "Not" come to hash more often.

We debriefed on the fabulous restaurant run and 49er and Royal T tried to show the aftermatch function attendees the wonderful creative light show on the ground in the Shields Street mall just near the School of Arts/New Museum or the Hides Hotel if that is a better landmark for Hashers. Thanks to Madam Slash for finding out that it appears every half hour between 7pm and 11pm and is really worth a visit with or without kids and grandparents and all those in-betweeners like us.

There were the usual charges and Peka won the raffle AGAIN! And MOFO scored a bottle of plonk again. On the subject of drinks - BIG BANG! You do a great job keeping the keg going week after week BUT... (not everything before the but is BS").

🍋 If you HAVE 🍋 to serve cheeeep r cheeap 🍋 Port please sweeten

🍷 it (no Not That just sugary stuff J) for the Drink Stop . Two weeks ago it **was drinkable** JUST with some fruit juice or something added...we do have to finish the run after the Drink Stop so please add something SWEET if you have to use that stuff so that we Hashers will keep our spirits up and motivation- to-live going until we reach the real keg.

A couple of final messages - Flatulence will you

please listen to the instructions the Hare gives about the run so that you can join the group of your choice – walkers or runners and not find yourself in the default position of having to make it up as you jog along ahead of the walkers.

Also, as you see my sense of humour and timeliness re the notes has returned... another signal that retirement was the right decision for me... but don't think I am volunteering to do notes any more often than will enable my fellow Hashers to have their turn. I could go ON and ON and ON but ON ON is enough... Look at that absence of colourful language did I do well or then again maybe not?

Deep Thoughts

I hope some animal never bores a hole in my head and lays its eggs in my brain, because later you might think you're having a good idea but it's just eggs hatching.

Whenever you read a good book, it's like the author is right there, in the room talking to you, which is why I don't like to read good books ...
